The website address will be changing over the summer!

May activities included the following:

- Scout trees & camp (including a cycle back to the Church from Corkstown Road campsite)
- Openikon Camp program
- Camp Preparation nights
- Spring camp—it was a fabulous time!

We wish the departing Cubs—Nick, Jacob, Jack, Adam, Aidan, Theo, and James L best of luck. It's been great having you with us.

Thanks as well to everyone who helped out during the year, providing rides, selling popcorn, giving us feedback and support, etc etc etc. I always say we will miss the parents of departing Cubs almost as much as we will miss the Cubs!

For those returning next year, you'll hear from us in early August about our fall program. We'll be doing our usual fall activities—Shoreline cleanup, Apple Day, a Fall Camp (at a different location!) etc. If you have not preregistered for the fall, please get your forms back to me by June 11th.

Have a safe summer

Camp Opemikon one week summer camps: Our local Scouts camp, Camp Opemikon, runs some great one week camps during the summer. I've put their brochure online at <http://www.geocities.com/ottawa72nd/formsandnotes/brochure09web.pdf>.

2009-2010 Preregistration: Cost is \$145 for early registration and \$165 in the fall, which is the SAME as last year. Please get your pre-registration forms in by **June 11th**.

Ideas for Next year?? The leaders come up with some interesting ideas, such as the Carleton U cheerleaders that we had back in November. If you know of anyone, any group, or outing, that would fit into our program (and that's not too difficult!) let me know. While I don't spend my summer doing Cubs-stuff, I do like to start to set some activities up for the following program year. And I know that some of you have some great ideas!

Website address changing: We'll be moving to a new website address over the summer—we will post the new address as soon as it is available.
